| Friedenserziehung in meinem Arbeitsumfeld | <p>I am working in non-governmental organization - PDCS. Its main goal of PDCS is to help develop and promote culture of democracy. Within frame of this goal, we are dealing with issues as conflict resolution, crisis prevention as well.</p> <p>I manage some projects, which we were focused on the education in forms of seminars or trainings. I have mostly worked with young people - university students in issues as peacekeeping or development help.</p> | |
| Warum ich teilnehme | <p>I would like to co -work on building up strong network for peace. Our organization could provide high qualitative assistances for projects, because we have experience in this field. I would like to participate and to help in this kind of project.</p> | |
| Motto / Leitspruch / Gedanke /.... | Strong cooperation towards greater success | |
| Persönlicher Input: | <p>I have experiences as a student in participation on several forms of educations like seminars or trainings in field of peace prevention or peace-building.</p> <p>I am studying Comenius University in Bratislava and my specialization is European studies. In my master graduation thesis I would like to focus on topic of European union and its policy of conflict prevention.</p> <p>I have also practical experiences, because I have managed some projects of education in peacekeeping and development help. Mostly, I am working with university students. In my position of Junior Project Manager in PDCS.</p> | |
